

# Advantage Gate Products

## Preformed Loops

- The industry's only non spliced Preformed loop
- We use the highest quality 14 AWG fully annealed stranded bare copper per ASTM B-3
- Wrapped with a premium PVC jacket and tough polyamide nylon armor THHN
- Wire wrapped 3 times inside every loop
- "Open" air technology allows for minimal vibration transfer that may lead to shorter useful life
- Setting the industry top standard for over 30 years
- Ready to install under concrete, asphalt or gravel
- Color coded leads for easy detector wiring
- Heavy Duty, rugged, yet flexible non metallic ½" tubing provides maximum resistance to corrosion, moisture and abrasion
- Available in 8 sizes, 3 lead lengths and 3 colors
- Custom sizes and additional colors available – please call for a quote
